

SLOGGING RING WRENCH CURVED

EGA Master's curved anti-spark striking open-end wrenches are the ideal solution for applications in potentially explosive environments, providing maximum safety.

1. Curved design that facilitates access in tight spaces.

2. Ideal for heavy industry, shipbuilding, maintenance of industrial plants, and sectors where there is a risk of explosion.

3. Allows effective tightening without needing to remove the wrench.

4. With a hardness of 283-365 Brinell (Cu-Be) and 229-291 Brinell (Al-Bron).
