

NON-SPARKING SPUD PIPE WRENCH

EGA Master Non-Sparking Tools are the best alternative for non-sparking application purposes in potentially explosive environments.

EGA Master Non-sparking spud wrench is ideal for maintenance in areas at risk of explosion such as in the navy, mining, fire applications, chemical industry, petrochemical...

1. They are specially designed to fix the sinks and baths wastepipes nuts in explosion risk environments.

2. Completely manufactured in non-sparking material. Both Cu-Be and Al-Bron material available.

3. Large flange prevents nut from being inadvertently rotated when wrench is set down.

4. With a hardness of 311-408 Brinell (Cu-Be) and 241-311 Brinell (Al-Bron).

SPUD PIPE WRENCH

COD.	MAT.	COD.	MAT.	L (inch)	CAP. (mm)
