

ALUMINIUM TOOL CASE

EGA Master aluminum tool cases provide professionals with the **ideal item for transporting their work equipment.**

Made of aluminum, their light weight makes transportation easy. Their dimensions allow for the storage of long equipment and tools such as levels, hacksaw frames, etc.

**Perfect order,
quick detection!**

Latches made of **Zamak** for greater durability.

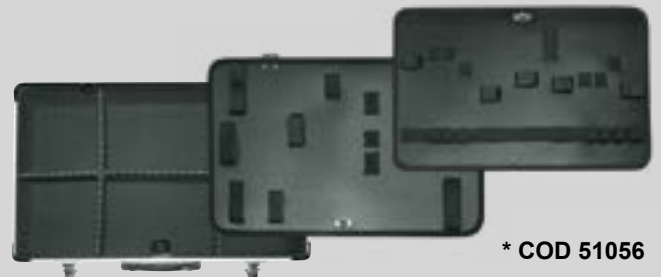

Reinforced handles to withstand more weight.

Lockable with a key.

* Includes 2 dividers: one fixed to the case and one independent with the option of attachment, for **perfect tool organization.**

* COD 51056
